

SATs Revision Timetable

Below is a suggested timetable to help manage your revision homework throughout the week. This is by no means an expectation but it is recommended to do at least 2.5 hours a week. I haven't included the weekends however I know that other commitments in the week might not fit with this model and therefore homework may need to run in to the weekend.

As from the 15th April to the 13th May, there will be revision clubs in school daily. You are expected to attend at least one of these sessions but you can attend as many as you wish.

Monday: Arithmetic revision: 3.15pm – 4.00pm

Tuesday: SPAG revision: 3.15pm – 4.00pm

Wednesday: Reasoning questions: 8.15am – 8.45am

Thursday: Reasoning questions: 3.15-4.00pm

Friday: Reading: 8.15am – 8.45am
